

Accessories, Tools and Used Inventory from Selkirk Aviation

White u-channel window trim shown here. Also available in black.

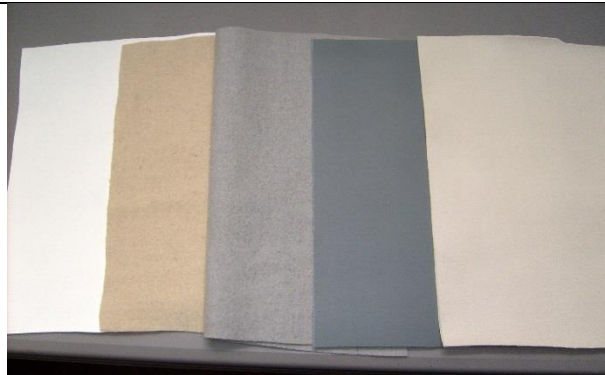

Vinyl Creme Pocket shown. Also Package 2 pockets with 20 feet of 1/4" or 1/2" round lacing for door jamb available.

These 2 pictures show a bare side wall of aircraft (L) and (R) the after photo of the 1/2" black closed cell rubber soundproofing installed. We recommend a spray-on 3M adhesive and touch of contact cement. We provide a burn test for all rubber soundproofing sold. We sell ceiling and extended bag rubber soundproofing kits for many Cessna 170-206 aircraft. 1/4" rubber also available.
